For general queries or help please contact our trained experts on the toll-free number 901.

Tourist Guidelines & Safety Tips

In your Hotel

- Avoid leaving valuables in your room, keep them in the hotel safety box.

- If you lose your key or room access card, report it to the hotel management immediately.

- When you leave the hotel, make sure the door of your room is firmly closed.

- Keep the hotel business card with you when you travel around to help you remember the name, address, and telephone number of the hotel.

Excursions

- When you go hiking or to the desert, always try to stay in groups.

- Always pack a first-aid kit.

Tourist Guidelines & Safety Tips

Beach Safety

- Always comply with warning signs, especially red flags, and only swim from approved beaches that are supervised by lifeguards.

Remember that beaches and pools are open to public so don't leave your valuables or belongings unattended at any time.

- Never leave a child unattended or unsupervised by an adult around the water and do not entrust one child's life with the life of another; teach children to always ask for permission to go near water.
